Thanks for the update. I spoke with the producer and he is going to try to make it happen. We were cutting the final tape when I heard from you. For your information, among the Blues folks Ruth is considered more Rhythm and Blues than "hardcore" blues (don't ask) which is why she wasn't originally targetted. Notwithstanding, he said he would try. I will keep you posted.

Again, and as always, much thanks for your help.

Unfortunately, Buddy Guy will not be able to join us for the reception. However, he will be with us in spirit.

I think that with B.B. King's presence, "The King of Blues" and with Ruth Brown's presence, "The Queen of Blues" we will have a very successful event.

Mark: were you able to schedule Ruth Brown's interview to be included in the Radio Series?

Please let me know. Thanks.
